

OPT3 Recovery Program

Qualifications:

- Project is in excess of 45,000 square feet or 5,000 square yards of carpet tile
- Send four carpet tiles representative of each style
- If tile cannot be removed, send 3 or 4 pictures via email representing the project. Pictures must include a close up of the carpet tile and a room shot. Send pictures to recycling@dpmopt3.com.

Advantages:

- Freight paid by OPT3 in Zone 1
- Processing fee is waived
- *OPT3 will supply shrink wrap
- *OPT3 will supply pallets
- *OPT3 will supply job site trailer (storage) when applicable

*These apply to specific job criteria and may not apply to all jobs.

PACKAGING INSTRUCTIONS:

Approved carpet tile materials must be packaged in a manner allowing both secure shipment by trailer and the ability of OPT3 employees to safely inspect and unload the trailers' contents. For this reason, all approved carpet tile materials sent to OPT3 must be neatly stacked in one of the following ways:

1. 4 by 4 pallets stacked with carpet tile materials to 40"-48" inches
2. Carpet tile must be secured with stretch wrap for stable shipment
3. 24 pallets constitute a trailer load

FREIGHT

Zone 1 – Freight paid by OPT3 on all states east of the Mississippi River
Zone 2 – Freight paid by customer to OPT3 facility

DISPOSAL CERTIFICATE

DPM Enterprises will provide a disposal certificate for each project. The disposal certificate will specify that 100% of materials received were recycled and no materials went to the landfill.
